Re: ASSESSMENT OF STIPULATED PENALTIES FOR ALLEGED NON-
COMPLIANCE WITH THE FEDERAL FACILITIES AGREEMENT FOR THE
NAVAL EDUCATION AND TRAINING CENTER, NEWPORT, RHODE ISLAND

Dear Ms. Sanderson:

We wish to thank you for meeting with us on 19 May 1994 to discuss your letter of 4 May 1994 concerning the ecological risk assessment for the draft Phase II RI reports for the McAllister Point Landfill and the Old Fire Fighting Training area.

I am writing to confirm our understanding that we shall continue to try to resolve the issues raised by your 4 May 1994 letter in the context of paragraph 13.2 of the Federal Facility Agreement (FFA), until such time as the parties are unable to reach a satisfactory conclusion of these matters through the informal dispute resolution process specified in the FFA.

If you require further information from the Navy to evaluate our suggestions for resolving this situation, please do not hesitate to contact me. Otherwise, we look forward to hearing from you to schedule any additional meetings or telephone conference calls which may be required to amicably resolve these issues informally.

Sincerely,

F. A. La Greca
